IUCN Academy of Environmental Law – Teaching Resources

Climate Law Teaching Resources: The Academy has gathered course syllabi from a range of experienced environmental law instructors on climate law teaching. Simulation and negotiation exercises are also available.

<http://www.iucnael.org/en/online-resources/climate-law-teaching-resources>

UNEP Training Manual on International Environmental Law: This text or manual prepared by UNEP with the assistance of IUCN Academy scholars provides basic guidance to numerous international treaty regimes of environmental importance. Academy member institutions are currently assisting with the preparation of French and Spanish translations of on-line teaching modules based on the manual.

<http://www.iucnael.org/en/online-resources/unep-training-manual>

Course on Compliance with and Enforcement of Multilateral Environmental Agreements: This model course consists of power point presentations, an instructors' manual and learning exercises.

<http://www.iucnael.org/en/online-resources/meas>

Environmental Law Presentations from Past IUCN Academy Colloquia and Classified in over Fifty Fields are available at:

<http://www.iucnael.org/en/academy-colloquia/past-colloquia>

Essential Readings in Environmental Law : This collection of about 45 reading lists consolidates recommendations from specialists and experts as guides to key literature and debates:

<http://www.iucnael.org/en/essential-readings>

The Electronic Journal: The Academy's E-Journal is a particularly valuable source of "country reports" detailing recent developments in many jurisdictions around the world. Contributions are welcome:

<http://www.iucnael.org/en/e-journal/about-the-ejournal>

IUCN Academy Colloquium Proceedings and Other Publications: Titles include **Global Environmental Governance at a Crossroads; Biodiversity and Climate Change; Local Climate Change Law; Poverty Alleviation and Environmental Law; Compliance and Enforcement in Environmental Law.**

Significant Member discounts are available:

<http://www.iucnael.org/en/academy-publications>

Protected Areas Law and Policy: In collaboration with the Environmental Law Centre, the World Commission on Environmental Law and the World Commission on Protected Areas, the Academy has contributed to the development of a twelve-module course on the law and policy of protected areas. The modules are based on the document **Guidelines for Protected Areas Legislation** (Barbara Lausche and Francoise Burhenne, IUCN Environmental Policy and Law Paper No. 81, 2011) and will be available on-line in Spring 2015 following pilot testing and final editorial review.
