

No. 2053/QĐ-TTg

Hanoi, date 28 month 10 year 2016

**DECIDE****ON THE PROMULGATION OF THE PARIS AGREEMENT IMPLEMENTATION PLAN ON CLIMATE CHANGE****PRIME MINISTER**

*Pursuant to the Law on Government Organization dated June 19, 2015;*

*Pursuant to the Law of International Treaties dated April 9, 2016;*

*At the request of the Ministry of Natural Resources and Environment in document No. 45/TTr- BTNMT dated October 7, 2016 on the promulgation of the Plan for the implementation of the Paris Agreement on climate change,*

**DECIDE:**

**Article 1.** Approval of the Implementation Plan of the Paris Agreement on Climate Change in the Annex to the tasks attached to this Decision.

**Article 2.** The Ministry of Finance shall allocate budgets for ministries, sectors and localities to implement according to the schedule and requirements stated in the Plan.

**Article 3.** This Decision takes effect from the date of signing.

Ministers, heads of ministerial-level agencies, government-attached agencies, presidents of people's committees of provinces and cities shall implement the above plan.

**KT. PRIME MINISTER  
DEPUTY PRIME MINISTER**

**Recipients:**

- TTgCP, PTTgCP;
- Ministries, ministerial-level agencies, government-attached agencies;
- People's Committees of provinces and cities directly under TW;
- VPCP: Organizers, PCNs, Assistants to the CP, Th Department;
- Saves: VT, QHQT (3). AT.

**Trinh Dinh Dung**

**ADDENDUM**

**TASKS FOR THE IMPLEMENTATION OF THE PARIS AGREEMENT ON CLIMATE**  
*(Issued together with Decision No. 2053 dated 28 October 2016 of the Prime Minister)*

**I. Tasks to mitigate greenhouse gas emissions****1. Tasks implemented in the period of 2016 - 2020**

<b>No.</b>	<b>Task name</b>	<b>Task type</b>	<b>Lead agency/coordinating body</b>	<b>Year of completion</b>	<b>Financial resources</b>
1.	Conduct periodic GHG inventories for the base year 2014, 2016, 2018 and evaluate Viet Nam's efforts in GHG reduction to update the NDC and participate in the global effort assessment in 2018.	<b>Mandatory</b> (required by COP21 and implementing Clause 2, Article 41 of the Law on Environmental Protection in 2014)	Ministry of Natural Resources, Planning and Investment, Ministries: CT, TRANSPORT, XD, Agriculture and Rural Development and related units.	2016, 2018, 2020	State budget: x International support: x Businesses, communities: "

2.	Formulate, supplement and amend policies to encourage the development of solar and wind energy; develop and implement action plans for renewable energy development to 2030, with a vision to 2050.	<b>Prioritize, continue to implement</b> (in accordance with the Paris Agreement and applicable laws and policies)	Ministry of Natural Resources, Ministry of Natural Resources and Natural Resources.	2017	State budget: x International support: x Businesses, communities: x
3.	Review current regulations and develop a Decree defining the roadmap and methods for Vietnam to participate in global GHG reduction activities.	<b>Mandatory</b> (as required by the Paris Agreement and Article 48 of the 2014 Law on Environmental Protection)	TNMT	2018	State budget: x International support: x Businesses, communities: "
4.	Develop and develop domestic carbon markets and other cooperation mechanisms on GHG emission reduction in accordance with Article 6 of the Paris Agreement. Conduct pilots in areas with potential.	<b>Priority</b> (to prepare for the implementation of the NDC after 2020 and mobilize international support)	Ministry of Natural Resources, Ministry of Information and Communications, Ministry of Planning and Investment, Ministry of Transport, Ministry of Technology, Ministry of Agriculture and Rural Development, Ministry of Construction.	2018	State budget: x International support: x Businesses, communities: x
5.	Develop and implement proposals to reduce GHG and TTX emissions in accordance with national conditions (NAMAs) for industry, transport, construction, agriculture and rural development.	<b>Priority is given to continued implementation</b> (in accordance with the Paris Agreement and applicable Laws and policies)	Ministries: Ct, Transport, Construction, Agriculture and Rural Development, Provincial People's Committee, t.city shall assume the prime responsibility according to their functions and coordinate with the Ministry of Natural Resources and Environment and related ministries, sectors and enterprises for implementation.	2020	State budget: x International support: x Businesses, communities: x
6.	Implement GHG emission reduction of industry and trade in order to implement NDC.	<b>Incentives for implementation</b> (to take advantage of the opportunities offered by the Paris Agreement)	CT Kit	2020	State budget: x International support: x Businesses, communities: x
7.	Implement ghg emission reduction of the transport sector in order to implement the NDC.	<b>Incentives for implementation</b> (to take advantage of the opportunities offered by the Paris	MOT	2020	State budget: x International support: x Businesses,

		Agreement)			communities: x
8.	Implement GHG emission reduction of the construction industry in order to implement the NDC.	<b>Incentives for implementation</b> (to take advantage of the opportunities offered by the Paris Agreement)	XD	2020	State budget: x International support: x Businesses, communities: x
9.	Implement GHG emission reduction of agriculture and rural development sectors in order to implement NDC.	<b>Incentives for implementation</b> (to take advantage of the opportunities offered by the Paris Agreement)	Ministry of Agriculture and Rural Development	2020	State budget: x International support: x Businesses, communities: x
10.	Carry out other GHG emission mitigation activities in accordance with national conditions.	<b>Incentives for implementation</b> (to take advantage of the opportunities offered by the Paris Agreement)	Ministries, branches, localities, enterprises.	2020	State budget: x International support: x Businesses, communities

## 2. Implementation tasks for the period 2021 - 2030

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
11.	Carry out GHG inventories for the development of national reports in accordance with the Paris Agreement and evaluate global efforts periodically.	<b>Mandatory</b> (comply with the provisions of the Paris Agreement)	Ministry of Natural Resources	2022, 2024, 2026, 2028, 2030	State budget: x International support: x Businesses, communities: x
12.	Implement mitigation of industrial GHG emissions in order to implement NDC in accordance with national conditions on the basis of periodic annual assessments.	<b>Mandatory</b> (comply with the provisions of the Paris Agreement)	Ministry of Ct, enterprise	2025, 2030	State budget: x International support: x Businesses, communities: x
13.	Implement GHG emission reductions in the transport sector in order to implement NDC in accordance with national conditions on the basis of periodic global effort assessments.	<b>Mandatory</b> (comply with the provisions of the Paris Agreement)	MOT	2025, 2030	State budget: x International support: x Businesses, communities: x
14.	Implement GHG emission reduction in the construction industry in order to implement NDC in accordance with national conditions on the basis of periodic global effort assessments.	<b>Mandatory</b> (comply with the provisions of the Paris Agreement)	XD kit	2025, 2030	State budget: x International support: x Businesses, communities: x
15.	Implement GHG emission reduction in agriculture and rural development in order to implement NDC in accordance with national conditions on the	<b>Mandatory</b> (comply with the provisions of the Paris Agreement)	MARD	2025, 2030	State budget: x International support: x Businesses, communities: x

	basis of periodic global effort assessments.				
16.	Carry out other GHG emission mitigation activities in accordance with national conditions.	<b>Incentives</b> (made to take advantage of opportunities offered by the Paris Agreement)	Ministries, branches, localities, enterprises.	2030	State budget: x International support: x Businesses, communities

## II. CLIMATE CHANGE ADAPTATION TASKS

### 1. Implementation tasks for the period 2016 - 2020

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
17.	Update contributions to climate change adaptation in the NDC for periodic global effort assessment.	<b>Mandatory</b> (as required by the Paris Agreement)	Ministry of Natural Resources, Agriculture and Rural Development, ministries, sectors and localities.	2018	State budget: x International support: x Businesses, communities: "
18.	Develop a national adaptation plan (NAP).	<b>Mandatory</b> (as required by the Paris Agreement)	Ministry of Natural Resources, Agriculture and Rural Development, MPI, TC, XD, localities.	2019	State budget: x International support: x Businesses, communities: "
19.	Review existing information and data on climate change adaptation, losses and damages; propose additional information, research and methods of managing and sharing data to facilitate the development and updating of national contribution reports on climate change adaptation.	<b>Implementation priorities</b>	Ministry of Natural Resources, Agriculture and Rural Development, TC, ministries, branches and local insurance agencies.	2019	State budget: x International support: x Businesses, communities: "
20.	Assessing the level of risk and vulnerability to climate change identifies the need to adapt and the need to address issues related to losses and damages.	<b>Mandatory</b> (as required by the Paris Agreement and Article 17 of the Law on Natural Disaster Prevention and Control)	Ministry of Natural Resources, Agriculture and Rural Development, YT, MOLISA, TC, CA, Vietnam Academy of Science and Technology, insurance agencies	2020	State budget: x International support: x Businesses, communities: "
21.	Implement the target program to respond to climate change and TTX.	<b>Priority</b> (identified in The Government's Resolution 73/NQ-CP dated 26/8/2016)	Ministry of Natural Resources, Planning and Investment, TC, Agriculture and Rural Development, Transport, Ct, People's Committee of provinces and centrally-run cities.	2020	Total capital: VND 15,866 billion, of which: - Development investment capital from the central budget: VND 470 billion. - Career capital from the central budget: VND 396 billion.

					billion. - ODA capital: VND 15,000 billion.
22.	Implementation of the Sustainable Fisheries Economic Development Target Program.	<b>Priority</b> (identified in The Government's Resolution 73/NQ-CP dated 26/8/2016)	Ministry of Agriculture and Rural Development, MPI, TC, ministries, branches, Provincial People's Committees, centrally-run cities.	2020	Total capital: VND 49,248 billion, of which: - Development investment capital from the central budget: VND 9,656 billion. - ODA capital: VND 40 billion. - Other legally mobilized capital: VND 39,552 billion.
23.	Implementation of the Sustainable Forestry Development Goals Program.	<b>Priority</b> (identified in The Government's Resolution 73/NQ-CP dated 26/8/2016)	Ministry of Agriculture and Rural Development, MPI, TC, TNMT, ministries, branches, People's Committees of provinces and centrally-run cities.	2020	Total capital: VND 59,599 billion, of which: - Development investment capital from the central budget: VND 9,460 billion. - Career capital from the central budget: VND 5,115 billion. - ODA capital: VND 6,800 billion. - Other legally mobilized capital: VND 38,224 billion.
24.	Implement the target program on agricultural economic restructuring and natural disaster prevention and mitigation, and regulate people's lives.	<b>Priority</b> (identified in The Government's Resolution 73/NQ-CP dated 26/8/2016)	Ministry of Agriculture and Rural Development, MPI, TC, ministries, branches, provincial People's Committees, centrally-run cities.	2020	Total capital: VND 529,935 billion, of which: - Development investment capital from the central budget: VND 24,375 billion. - Career capital from the central budget: VND 560 billion. - ODA capital: VND 6,458 billion. - Other legally mobilized capital: VND 498,542 billion.
25.	Carry out other activities	<b>Encourage</b>	Ministry of Natural	2020	State budget: x

on climate change adaptation to increase resilience, protect people's lives and livelihoods, and create conditions for greater contributions to GHG emission reduction	<b>implementation</b> (approved projects; have secured resources or to implement the contents Of Decree No. 63/NQ-CP dated July 22, 2016 v. Resolution 73/NQ-CP dated August 26, 2016 of the Government but not mentioned in tasks 17 to 24)	Resources, Planning and Investment, Central Government, ministries, branches, People's Committees of provinces and centrally-run cities	International support: x Businesses, communities: x
--	--	---	--

## 2. Implementation tasks for the period 2021 - 2030

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
26.	Modernize the monitoring system and hydrometeorological forecasting technology, ensure forecasting and early warning of weather phenomena; develop a system for assessing and monitoring climate change and sea level rise.	<b>Priority for continued implementation</b> (National Strategy on Climate Change and Contribution to Adaptation in NDCs).	Ministry of Natural Resources	Done for the whole stage	State budget: x International support: x Businesses, communities: x
27.	Complete technical regulations and standards on infrastructure, public and civil works in accordance with the context of climate change.	<b>Priority for continued implementation</b> (National Strategy on Climate Change and Contribution to Adaptation in NDCs).	Ministry of Civil Engineering, localities	Done for the whole stage	State budget: x International support: x Businesses, communities: "
28.	Develop socio-economic development plannings, population plannings and infrastructure based on climate change scenarios with attention to key sectors and regions.	<b>Priority for continued implementation</b> (National Strategy on Climate Change and Contribution to Adaptation in NDCs).	Ministry of Planning and Investment, ministries, branches and localities.	Done for the whole stage	State budget: x International support: x Businesses, communities: x
29.	Implementing key and urgent disaster prevention plans and solutions to protect people's lives, ensure national defense and security and search and rescue; relocate and rearrange residential areas in areas frequently affected by storms, water surge due to storms, floods, riverbank erosion, tragic banks or at risk of flash floods, landslides.	<b>Priorities for continued implementation</b> (Law on Disaster Prevention and Control, National Strategy on Climate Change and Contribution to Adaptation in NDCs).	Ministry of Agriculture and Rural Development, Natural Resources, Public Security, National Defense, localities.	Done for the whole stage	State budget: x International support: x Businesses, communities: x
30.	Integrated management of water resources in the river basin; ensuring reservoir safety; strengthen international cooperation in addressing cross-border water issues; ensure water security.	<b>Priority is given to continued implementation</b> (Law on Water Resources, National Strategy on Climate Change and contributions to adaptation in the NDC).	Ministry of Natural Resources, Agriculture and Rural Development, NG, Public Security, ministries, branches and localities.	Done for the whole stage	State budget: x International support: x Businesses, communities: x
31.	Sustainable forest management, preventing deforestation and forest degradation; planting, protecting and restoring forests, focusing on the development of large timber plantations and coastal forests.	<b>Priority is given to continued implementation</b> (Law on Disaster Prevention and Control, National Strategy on Climate Change and Contribution to	Ministry of Agriculture and Rural Development, localities and enterprises	Done for the whole stage	State budget: x International support: x Businesses, communities: x

		Adaptation in NDC).			
32.	Ensure food security through protection, rational maintenance and sustainable management of land fund for agriculture; conversion of crops and livestock facilities; creation of new varieties adapted to climate change; improvement of disease control and prevention systems.	<b>Priority for continued implementation</b> (National Strategy on Climate Change and Contribution to Adaptation in NDCs).	Ministry of Agriculture and Rural Development, Natural Resources, localities.	Done for the whole stage	State budget: x International support: x Businesses, communities: x
33.	Review, adjust and develop livelihoods and production processes in accordance with climate change conditions associated with poverty reduction and social justice.	<b>Priority for continued implementation</b> (National Strategy on Climate Change and Contribution to Adaptation in NDCs).	Ministry of Agriculture and Rural Development, MOLISA, localities.	Done for the whole stage	State budget: x International support: x Businesses, communities: x
34.	Develop mechanisms and policies, strengthen insurance systems, share climate risks and natural disasters.	<b>Priority for continued implementation</b> (National Strategy on Climate Change and Contribution to Adaptation in NDCs).	Ministry of Information and Communications, Agriculture and Rural Development, enterprises.	Done for the whole stage	State budget: x International support: x Businesses, communities: x
35.	Integrating adaptation to climate change based on ecosystems and communities, through ecosystem service development, biodiversity conservation, use of indigenous knowledge, and prioritizing the most vulnerable communities.	<b>Priority for continued implementation</b> (National Strategy on Climate Change and Contribution to Adaptation in NDCs).	Ministries, branches, localities, socio-political organizations and other social organizations.	Done for the whole stage	State budget: x International support: x Businesses, communities: x
36.	Urban planning and land use, infrastructure, industrial parks, coastal and island resettlement areas on the basis of sea level rise scenarios; implementing integrated coastal strip management.	<b>Priority for continued implementation</b> (National Strategy on Climate Change and Contribution to Adaptation in NDCs).	The Ministries of Construction, Planning and Investment, Natural Resources and Public Security shall assume the prime responsibility according to their functions and tasks and coordinate with localities and enterprises.	Done for the whole stage	State budget: x International support: x Businesses, communities: x
37.	Flood protection for large coastal cities; building urban infrastructures resistant to the impacts of climate change; consolidating and building new urban water supply and drainage works.	<b>Priority is given to continued implementation</b> (National strategy on climate change and contribution to adaptation in the NDC).	Ministry of Education, cities, localities.	Done for the whole stage	State budget: x International support: x Businesses, communities: x
38.	Consolidate, upgrade and complete the dikes and river dikes around the areas; control saltwater intrusion in the worst affected areas.	<b>Priority is given to continued implementation</b> (Law on Natural Disaster Prevention and Control, National Strategy on Climate Change and Contribution to Adaptation in NDCs).	Ministry of Agriculture and Rural Development, coastal localities.	Done for the whole stage	State budget: x International support: x Businesses, communities: x

### III. TASK OF PREPARING RESOURCES

### 1. Prepare human resources

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
39.	Develop and implement programs to retrain cadres, officials and employees to meet the needs of implementing the Paris Agreement.	<b>Priority for continued implementation</b> (National Strategy on Climate Change).	Ministry of Interior, Natural Resources, ministries, branches and localities.	2017	State budget: x International support: x Businesses, communities: "
40.	Develop and implement curricula on climate change in accordance with the requirements of the Paris Agreement in the domestic education and training system.	<b>Priority for continued implementation</b> (National Strategy on Climate Change).	Ministry of Education and Training, research institutes, schools.	2018	State budget: x International support: x Businesses, communities: "
41.	Propagating and raising awareness about the implementation of the Paris Agreement in Vietnam.	<b>Priority for continued implementation</b> (National Strategy on Climate Change).	Ministry of Information and Communications, Natural Resources, ministries, branches and localities.	Done for the whole stage	State budget: x International support: x Businesses, communities: "

### 2. Prepare technological resources

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
42.	Assessing the need for technology to adapt to climate change and mitigate GHG emissions in accordance with Vietnam's conditions in a number of areas; strengthen cooperation with the regional and global Network of Climate Change Technology Centers (CTCN).	<b>Priority implementation</b> (to have an overview of technology needs to respond to climate change)	Ministry of Science and Technology, Natural Resources, ministries and sectors.	2019	State budget: x International support: x Businesses, communities: "
43.	Test application of a number of technologies to respond to climate change that are potential and suitable for Vietnamese conditions.	<b>Real priorities</b>	Ministries, sectors, localities, enterprises.	2019	State budget: x International support: x Businesses, communities: "
44.	Reviewing and proposing policy mechanisms to encourage research, such as respecting technology allocation on climate change; strengthening leading climate change research agencies; strengthening international cooperation in research and technology exchange.	<b>Real priorities</b>	Ministry of Science and Technology, Ministry of Science and Technology, Ministries, sectors, localities, enterprises, research agencies, VPCC, SSC.	2020	State budget: x International support: x Businesses, communities: "

### 3. Prepare financial resources

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
45.	Assessing the current state of investment in climate change and climate change in Vietnam to determine the needs, shortages, priority levels of investment from the public and private sectors, obstacles to be removed to unlock investment sources for climate change response from the foreign and private sectors.	<b>Real priorities</b>	Ministry of Planning and Investment, Ministry of Information and Communications.	2016	State budget: x International support: x Businesses, communities: "
46.	Develop a framework for mobilizing resources for climate change and social development including the private sector; implementation plan in accordance with the Paris Agreement, socio-economic development plan 2016-2020.	<b>Real priorities</b>	Ministry of Planning and Investment, TC, SBV, ministries and localities.	2016	State budget: x International support: x Businesses, communities: "
47.	Accelerate the construction and application of financial instruments such as green credit, green bonds, green investment funds according to which there is a set of criteria for green projects.	<b>Real priorities</b>	Ministry of Information and Communications, State Bank of Vietnam, Ministry of Planning and Investment, Securities Commission.	2017	State budget: x International support: x Businesses, communities: "
48.	Proposing a list of projects to respond to climate change and TTX, prioritizing projects to implement commitments in the NDC, capable of mobilizing the participation of economic sectors, focusing on renewable energy development projects mobilizing resources from the private sector, international support.	<b>Priority implementation</b> (to mobilize resources from non-state economic sectors)	Ministry of Planning and Investment, Ministry of Natural Resources and Environment, Ministries, branches, localities and enterprises.	2018	State budget: x International support: x Businesses, communities: "
49.	Develop a process for distributing recurrent budgets for climate change and TTX programs/projects.	<b>Mandatory</b> (as required by the Paris Agreement)	Ministry of Information	2019	State budget: x International support: x Businesses, communities: "
50.	Develop the process of planning (public) investment for climate change, medium-term and annual TTX.	<b>Mandatory</b> (as required by the Paris Agreement)	MPI.	2019	State budget: x International support: x Businesses, communities: "
51.	Allocate resources to develop periodic national notifications for UNFCCC including GHG national statistics; updated reports every 2 years, national	<b>Mandatory</b> (as required by the Paris Agreement)	Ministry of Information and Communications.	Done for the whole stage	State budget: x International support: x Businesses,

notifications on climate change adaptation; national notifications on climate change...				communities: "
---	--	--	--	----------------

#### IV. TASK OF ESTABLISHING AN OPEN AND TRANSPARENT SYSTEM (MRV)

##### 1. MRV for GHG emission reduction

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
52.	Establish an MRV system for GHG mitigation activities at the national level, towards achieving GHG emission reduction targets in the NDC.	<b>Mandatory</b> (as required by the Paris Agreement and Decision No. 2359/QD-TTg dated December 22, 2015 of the Prime Minister)	Ministry of Natural Resources	2018	State budget: x International support: x Businesses, communities: "
53.	Establish an MRV System for sector-level GHG mitigation activities for the industrial sector.	<b>Mandatory</b> (as required by the Paris Agreement and Decision No. 2359/QD-TTg dated December 22, 2015 of the Prime Minister)	CT Kit	2018	State budget: x International support: x Businesses, communities: "
54.	Establish an MRV System for sector-level GHG mitigation activities for land use, land use and forestry (LULUCF).	<b>Mandatory</b> (as required by the Paris Agreement and Decision No. 2359/QD-TTg dated December 22, 2015 of the Prime Minister)	Ministry of Natural Resources and Rural Development	2018	State budget: x International support: x Businesses, communities: "
55.	Establish an MRV System for sector-level GHG mitigation activities for the agricultural sector.	<b>Mandatory</b> (as required by the Paris Agreement and Decision No. 2359/QD-TTg dated December 22, 2015 of the Prime Minister)	Agriculture and Rural Development	2018	State budget: x International support: x Businesses, communities: "
56.	Establish an MRV system for sector-level GHG mitigation activities for the construction sector.	<b>Mandatory</b> (as required by the Paris Agreement and Decision No. 2359/QD-TTg dated December 22, 2015 of the Prime Minister)	XD	2018	State budget: x International support: x Businesses, communities: "
57.	Establish an MRV System for sector-level GHG mitigation activities for the transport sector.	<b>Mandatory</b> (as required by the Paris Agreement and Decision No. 2359/QD-TTg dated December 22, 2015 of the Prime Minister)	MOT	2020	State budget: x International support: x Businesses, communities: "

## 2. MRV for climate change adaptation

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
58.	Establish an MRV system for activities adapted to climate change at the national and provincial levels.	<b>Mandatory</b> (as required by the Paris Agreement)	Ministry of Natural Resources.	2018	State budget: x International support: x Businesses, communities: "
59.	Periodically develop a National Adaptation Notice including progress on achieving adaptation targets in the NDC.	<b>Mandatory</b> (as required by the Paris Agreement)	Ministry of Natural Resources and Environment, ministries, sectors and localities.	Jul 2020, 2025, 2030	State budget: x International support: x Businesses, communities: "

## 3. MRV for resource mobilization

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
60.	Establish a system for mobilizing resources for climate change at the national level.	<b>Mandatory</b> (as required by the Paris Agreement)	MPI shall assume the prime responsibility for coordinating with the Ministry of Information and Communications and the State Bank of Vietnam.	2018	State budget: x International support: x Businesses, communities: "
61.	Development of budget reports for climate change response and TTX for assessment of global efforts	<b>Mandatory</b> (as required by the Paris Agreement)	MPI shall assume the prime responsibility for coordinating with the Ministry of Information and Communications.	2018, 2023, 2028	State budget: x International support: x Businesses, communities: "
62.	Develop technology transfer monitoring systems and strengthen capacity.	<b>Mandatory</b> (as required by the Paris Agreement)	Ministry of Science and Technology, ministries and sectors.	2020	State budget: x International support: x Businesses, communities: "

## V. TASKS OF FORMULATING AND PERFECTING POLICIES AND INSTITUTIONS

### 1. Develop and improve policies

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
63.	Reviewing, adjusting and supplementing strategies to respond to climate change, regulations on ghg emission reduction, climate change adaptation in accordance with Vietnam's contribution commitments in the NDC,	<b>Mandatory</b> (as required by the Paris Agreement)	Ministry of Information and Communications, ministries and sectors.	2018	State budget: x International support: x Businesses, communities: "

	international requirements, and economic implementation in the period 2016-2020; proposing the development of the Law on Climate Change.				
64.	Develop and update the climate change response policy framework under the SP-RCC 2020 program in accordance with the requirements of implementing the Paris Agreement.	<b>Mandatory</b> (as required by the Paris Agreement and committed within the framework of the SP-RCC Program)	Ministries: TNMT, MPI, TC, NNPTNT, CT, XD, TRANSPORT, SCIENCE AND TECHNOLOGY, EDUCATION, YT.	Annual until 2020	State budget: x International support: x Businesses, communities: "
65.	Continue to integrate climate change and TTX issues into policies, master plans, plans and programs prioritized for development investment.	Mandatory (as required by the Paris Agreement and the National Strategy on Climate Change)	MpI, ministries, sectors and localities.	Done for the whole stage	State budget: x International support: x Businesses, communities: "

## 2. Institutional arrangements

No.	Task name	Task type	Lead agency/coordinating body	Year of completion	Financial resources
66.	Improve functions, tasks and organizational structure to ensure that each ministry, branch and locality has a focal point to handle climate change issues	<b>Mandatory</b> (as required by the Paris Agreement and climate change response)	Ministry of Interior, ministries, sectors, localities, SSC.	2017	State budget: x International support: x Businesses, communities: "
67.	Strengthen coordination to address interregional and inter-sectoral issues in responding to climate change.	<b>Priority</b> (implementation of Decision No. 593/QD-TTg dated April 6, 2016 of the Prime Minister)	Department of Natural Resources, SSC; Steering Committees for the development of regional social economy; ministries, sectors and localities.	Done for the whole stage	State budget: x International support: x Businesses, communities: "
68.	Strengthen international negotiations to develop guidelines for the implementation of the Paris Agreement; protect the legitimate rights and interests of the nation; mobilize international resources to support climate change response and enhance Vietnam's position.	<b>Priority implementation</b> (according to Decision No. 80/QD-TTg dated January 12, 01 of the Prime Minister)	Vietnam's Negotiating Committee on Climate Change.	Done for the whole stage	State budget: x International support: x Businesses, communities: "
