

Indonesia - PRESIDENT OF THE REPUBLIC OF INDONESIA

DECREE NUMBER 62 YEAR 2013

REGARDING

MANAGING AGENCY FOR THE REDUCTION OF EMISSION FROM DEFORESTATION
AND DEGRADATION OF FOREST AND PEATLANDS

WITH THE BLESSING OF THE ONE SUPREME GOD

THE PRESIDENT OF THE REPUBLIC OF INDONESIA

Considering:

1. a. That to reduce global warming that impacts environmental damage, various efforts are needed to reduce the emission of greenhouse gases from deforestation and degradation of forest and peatlands;
2. b. That the Government of Indonesia made a commitment to reduce emission of greenhouse gases of 26 percent using their own effort and 41 percent with international assistance by the year 2020 from a condition without any action plan (business as usual);
3. c. That to ensure efforts to reduce emission of greenhouse gases from deforestation and degradation of forest and peatlands to be effective, efficient, just and sustainable there is a need for an agency to manage the reduction of emission of greenhouse gases from deforestation and degradation of forest and peatlands;
4. d. That in relation to the consideration on letter a, letter b and letter c above, there is a need for a Presidential Decree on a Managing Agency for the Reduction of Emission from Deforestation and Degradation of Forest and Peatlands;

Bearing in Mind:

1. 1. Article 4 point (1) of the 1945 Constitution of the Republic of Indonesia;
2. 2. Law Number 41 of 1999 on Forestry (State Gazette of the Republic of Indonesia 1999 no 167, State Gazette Supplement of the Republic of Indonesia No 3888) amended by Law Number 19 of 2004 on the Enactment of Government Regulation in Lieu of Law Number 1 of 2004 on the Amendment of Law Number 41 of 1999 on Forestry (State Gazette of the Republic of Indonesia Number 86 of 2004);

- State Gazette Supplement Number 4412);
3. 3. Law Number 17 of 2004 on The Ratification of Kyoto Protocol to The United Nations Framework Convention On Climate Change (State Gazette of Republic of Indonesia Number 72 Year 2004, State Gazette Supplement Number 4403);
 4. 4. Law Number 32 of 2009 on Environmental Protection and Management (State Gazette of Republic of Indonesia Number 140 Year 2009, State Gazette Supplement Number 5059);
 5. 5. Presidential Decree Number 46 of 2008 on the National Council on Climate Change;
 6. 6. Presidential Decree Number 61 of 2011 on the National Action Plan to Reduce Emissions of Greenhouse Gases;
 7. 7. Presidential Decree Number 71 of 2011 on the National Greenhouse Gases Inventory System;

HAS DECIDED:

To Enact: PRESIDENTIAL DECREE REGARDING THE MANAGING AGENCY FOR THE REDUCTION OF EMISSION FROM DEFORESTATION AND DEGRADATION OF FOREST AND PEATLANDS.

CHAPTER I

GENERAL PROVISIONS

Article 1

In this Presidential Decree what is referred to as:

1. 1. Reducing emissions from deforestation and forest degradation in which from herewith shall be referred to as REDD+ refers to all efforts to reduce emission of greenhouse gases from deforestation and degradation of forest and peatlands carried out on forested land and peatlands in Forest Area and non-Forest Area and carbon maintenance and improvement with the added benefit of the increase of biodiversity, the improvement of local/indigenous people's welfare and the increase of sustainability of other production of ecosystem services.
2. 2. Safeguard framework is a collection of criteria and indicators to ensure the implementation of REDD+ does not deviate from its original objective related to program management and financial accountability, impact to the social relation ^

and position of vulnerable communities, and impacts to the environment.

3. 3. REDD+ Program are efforts implemented through a series of projects and/or activities to achieve REDD+ objective in Indonesia.
4. 4. REDD+ Project is one or more activities managed by a certain administrative unit to achieve REDD+ objective in Indonesia.
5. 5. REDD+ Activity is an activity managed by a certain legal subject to achieve REDD+ objective in Indonesia.
6. 6. Emission of Greenhouse Gases from herewith will be referred to as GHG Emissions is the release of greenhouse gases to the atmosphere in a certain area for a certain period of time.
7. 7. GHG are gases in the atmosphere be it natural or anthropogenic, that absorbs and radiate back infrared radiation.
8. 8. Deforestation is permanent change from forested area to non-forested area.
9. 9. Forest degradation is the decrease in quantity of forest cover and carbon stock in a certain period of time.
10. 10. Forest Area is a certain area designated by the government to be maintained as permanent forest.
11. 11. [<](#) National Strategy to Reduce Emissions from Deforestation and Degradation of Forest and Peatlands from herewith will be referred to as REDD+ National [>](#) Strategy is the document containing main strategy guidelines and planning direction as stipulated by the Government that will be used as reference by all parties concerned in the preparation and implementation of REDD+ activities.
12. 12. Government is the President of the Republic of Indonesia that governs the Republic of Indonesia as stated in the 1945 Constitution of the Republic of Indonesia.
13. 13. Funding Instrument is a fund management instrument formed by the Head of REDD+ Managing Agency to guarantee fund management that is transparent, accountable and effective based on REDD+ funding guidelines and safeguards in accordance to prevailing law.

Article 2

The act to reduce emission of greenhouse gases from deforestation and degradation of forest and peatlands has objectives to:

1. a. reduce emissions from deforestation;
2. b. reduce emissions from forest degradation and/or peatlands degradation; ^

3. c. maintain and increase carbon stock through forest conservation, sustainable forest management, and/or rehabilitation and restoration of damaged forest area; and
4. d. provide benefit to the increase of environmental services, biodiversity, and local/indigenous community welfare.

CHAPTER II

AGENCY

Part One

REDD+ Managing Agency

Paragraph 1
